

Ensure All On-Site Contractors Are Vetted & Approved

Part of the VelocityEHS Control of Work Solution

Is your current contractor management program actually creating risk by using disparate systems and inefficient processes?

Managing the flow of visitors, contractors and vendors coming in and out of your facility, plus ensuring all of the proper permits are in place for the work they do, is too much for one person or even a small team of people to do via spreadsheets or outdated systems.

Taking back control of contractors is easy with **VelocityEHS Contractor Management** software. You'll gain peace of mind with 100% certainty that the right people are in the right places, doing the right work.

Core Capabilities:

- + Contractor Self-Service
- + Qualification Management
- + Induction & Orientation
- + Electronic Permit-to-Work
- + Customizable Functionality
