

## Why Environmental Compliance?

# A Great Environment for Business Starts Here

Align to rigorous standards

Drive environmental performance

**Some tasks — like managing your air emissions, water quality and waste compliance data — are just too big, too hard, and too ineffective to do the old way.**

Some tasks require state-of-the-art solutions built by experts specifically for the challenges you face. Some tasks require VelocityEHS Environmental Compliance software.

Whether you're looking to meet ESG reporting requirements for your global enterprise, or rigorous standards at a single location, **VelocityEHS Environmental Compliance** will help you reach the highest levels of environmental performance.

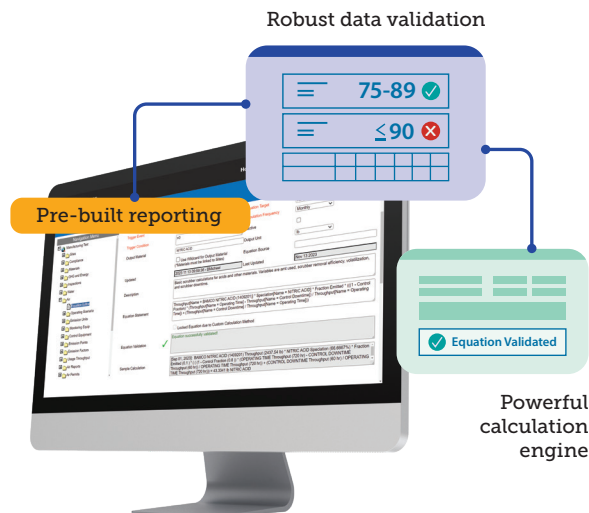

"[VelocityEHS] has greatly added value to our business. The process efficiencies gained through their systems have provided us with a return on investment within six months."

*Michael Tuohy*  
EHS Manager, AbbVie

## See What VelocityEHS Can Do for You

### Core Capabilities:

- + Air emissions
- + Waste management
- + Water quality
- + eCompliance
- + Calculation engine
- + OSIsoft PI interface
- + Custom emission formulas
- + Pre-built forms for reporting against: Title V, CEPA, NPRI, NPI, NPDES, RCRA, SWPPP, ISO 14001

### Automate data collection.

Restore peace of mind and make sense of your data by aggregating and centralizing your data collection at the source.

### Confidently generate reports.

Remove human error with pre-built and custom reports that simplify compliance with local, federal, and international standards.

### Showcase your team's performance.

Provide key stakeholders access to updated KPIs in real time and create a culture of pride around environmental stewardship.
